“ Il Pratone ex. I.P.P.A.I. ”

Sez. A

(four years old)

We have a lot of
water ...

how many glasses can
we use ?

Where is less or more ?

Now we shared the
quantity
of the water

Where is less or
more of water
using the different
glasses ?

Is more or less of
water in the flat
container ?

Now both of the containers are flat ...
where is more or less of water ?

and...if the
container is tall ?
...little...bigger ?
